

Power-Max UHF VHF Walkie Talkie Jammer

This solid stated professional **UHF VHF Walkie Talkie Jammer** works on UHF VHF radios, bugs, tracker and generic walkie-talkies operating on 446MHz. Max power design. Perfect for ultra high frequency. Total power 40 Watts. Covers 20~40 meters. Built under safety regulations. Easy installation and operation.

PRODUCT DESCRIPTION

The solid stated VHF UHF **Walkie Talkie Jammer** is a professional powerful device. It's able to cover most of the ultra-high frequencies.

The total output power is significant, up to 40 watts. The output power of each band is approx 10 watts. The power max function ensures effective coverage. Defined typical coverage is 20~40 meters.

B11 covers the following frequency bands: UHF 140, UHF 180, VHF 450 and VHF 480. Covered devices include UHF walkie-talkies, VHF walkie-talkies, UHF/VHF audio bugs, LoJack trackers and 433MHz remote controls. If you prefer some different frequencies, please contact us in order to arrange customized production.

The high-speed cooling fans and aluminum filter allow 24/7 continuous working.

If you want it to work in a vehicle, you can connect the power adapter of the device to your car's power inverter.

Features of B11 - UHF VHF Walkie-Talkie Jammer

- Covers both of VHF and UHF frequencies
- Max power - Each band 10 Watt, the total is 40 watt
- Typical covering area is 20~40 meters radius
- Embedded 2pcs fast fans & alum. filter supports 24/7 working
- Able to use in a car (needs car power inverter)
- Build under safety regulations, not harmful to human
- Antennas and sockets are numbered - easy installation
- Antenna removable and directions adjustable
- 12 months quality warranty

Applications of B11 UHF VHF Walkie-Talkie Jammer

Business meeting rooms, museums, galleries, theatres, concert halls, churches, temples, restaurants, classrooms, training centers, factories, banks, trains, buses, etc. Ideal for using in locations of special purpose such as hospitals, gas stations and so on.

Package includes:

- 1 x B11 - UHF VHF white color Walkie Talkie Jammer
- 4 x Whip Antennas
- 1 x AC Power Adapter (Wall Charger)

USD 700,00

DEVICE DETAILS

Product Code:	B11
Frequency:	140-150MHz, 150-180MHz, 420-450MHz & 450-480MHz
Working Object:	140-180MHz & 420-480MHz Walkie-Talkie, LoJack Tracker and VHF/UHF audio bugs
Signal Source:	PLL Synthesized
Output Power:	Each band 10 watt. Total 40 watt
Jamming Range:	20~40 Meters
Antenna Interface:	4 x Whip Omni SMA antenna 3db
Remote Control:	N/A
Working Current:	4 - 5 A
Power Supply:	AC power adapter
Battery:	N/A
Power Adapter:	AC Adapter 110-250V 24VDC 5000mA
Color:	Silver
Brand:	Jammers
Dimensions (LxWxD):	213 x 170 x 51 mm
Package:	Neutral blank brown box with polyfoam
Operating Temperature:	0-50 degree
Humidity:	5% - 80%
Warranty:	1 Year
