

[VIDEO] Car Lock Jammer 315-433-868MHz 10W

What's new about this wireless car remote control jammer are its higher output power and its higher accuracy in blocking the targeted frequencies.

Jammer B100 was built with the intention of jamming every keyless car remote control of older and newer models.

Moreover, the B100 literally beats its predecessors in performance and it is much more reliable than any other car lock jammer available and can block all of the **car key remote frequencies such as 315MHz - 433MHz - 868MHz.**

Below, you can find the video illustration of our exclusive **3 bands 315 433 868MHz [car remote control jammer](#)** B100!

USD 600,00

DEVICE DETAILS

Product Code:	B100
Frequency:	315 4W 433 4W 868 2W
Output Power:	10W
Jamming Range:	50-100 meters (depending on signal strength)
Remote Control:	No
Battery:	Ni-Mh 8000mA H
Power Adapter:	AC 110-240V or DC 12V car adapter
Color:	Grey
Dimensions (LxWxD):	175 x 70 x 35mm
Warranty:	1 Year
