## PHOENIX

Phoenix is the most powerful 4-band portable Jammer in our catalog and is an exclusive device of our own making. Phoenix, entirely customizable, is able to disrupt the following frequencies:

- Cellular frequencies (GSM, 2G, 3G, 4G, 4G LTE) within a range of 20-50 meters;
- Wi-Fi / Bluetooth frequencies (2.4GHz & 5GHz) within a range of 50-60 meters;
- GPS frequencies (L1, L2, L3, L4, L5) within a range of 100-200 meters;

The build quality of the Phoenix ensures seamless performance and its output power is astounding (38W).
